Randy McKimney  
District I  
President Pro Tem

Dear Mr. Thomas:

Betty Peters  
District II

I want to commend both you and your board for the efforts you have made during the last several years, to restructure cost centers and improve facilities within your school system.

Stephanie W. Bell  
District III

Last week while I was in Tuskegee for the Superintendent Symposium, I visited several of your campuses. The investments which you have made in these facilities should serve the students in Macon County Schools well, for the next several decades. Having been a local superintendent for nine years, I know the amount of work and coordination it took to accomplish this task. From planning, to budgeting, to completing the projects, very few people understand the time this process actually takes.

Dr. Ethel H. Hall  
District IV  
Vice President  
Emerita

On a separate note, I have analyzed what the smaller cost centers in your system cost on a per pupil basis to provide instructional programs. Based on your reported expenditures at South Macon School, you will have spent almost \$8,200 per student this past year. If you average the cost of the larger schools, the cost per pupil spent per year is only \$6,000 per student.

Ella H. Bell  
District V

I know that restructuring schools may not be popular; however, it has, and will continue to be, fiscally responsible. As specified in Act No. 95-314 which outlines the Foundation Program law, it is the responsibility of the local superintendent and the members of the Macon County Board of Education to ensure when at all possible, that resources are distributed equally throughout the system, regardless of what school or what grade a child happens to attend.

David F. Byers, Jr.  
District VI

It is evident that the actions taken by the members of your board are in compliance with the intent of the law and again, these actions will serve your students more effectively and efficiently in the years to come.

Sandra Ray  
District VII  
Vice President

In closing, once again I acknowledge your accomplishments and look forward to working with you on any task in the future which you choose to address.

Dr. Mary Jane Caylor  
District VIII

Sincerely,

Joseph B. Morton  
Secretary and  
Executive Officer

  
Warren Craig Pouncey  
Assistant State Superintendent
